DRAFT WORK PROGRAMME

**PROGRAMME: INSTITUTIONALIZATION OF A
CONFERENCE OF ECOWAS MINISTERS OF PUBLIC
SERVICE**

1.0 INTRODUCTION:

- 1.1 The Third Biennial Pan-African Conference of the Ministers of the Civil Service held in Windhoek, Namibia, from 5th - 8th February, 2001, had adopted a Charter for the Public Service of Africa. The Charter is aimed not only at reorientating the public service to its primary mission of serving the people and the government of the nation - states, but also at attuning the Public Service to the challenges of globalization. The Charter states the principles and rules of conduct (Notes) for public and state employees and also underscores the political will and moral commitment of African States to improve the services provided to citizens.
- 1.2 In the Windhoek Declaration issued at the end of the conference, African sub-regional organisations were tasked to ensure the application as well as the monitoring of the application of the charter by the governments of their respective sub-regions. This task is to be undertaken in collaboration with the African Centre for Training in Administration for Development (CAFRAD).
- 1.3 The Executive Secretariat therefore considered it expedient to create a common sub-regional public service forum for the implementation of the Charter.
- 1.4 To this end, the Executive Secretariat intends to hold a preliminary three day sensitization workshop or seminar to popularize the Charter and also to fashion out strategies for its continuous implementation.

2.0 OBJECTIVES OF THE PROGRAMME:

2.1 Overall Objectives:

The Creation of a sub-regional platform to promote the application in West Africa of the African Public Service Charter. This is aimed at bringing about a positive attitudinal change in public servants in the ECOWAS sub-region in relation to the Integration policies and programmes of ECOWAS

2.2 Specific Objectives

- 2.2.1 The specific objectives will be to take first steps and work out the modalities for the smooth implementation of the provisions of the Charter through the experts and Ministers of Public Service Administration of the ECOWAS sub-region.

3.0 JUSTIFICATION

Windhoek Declaration and the New Partnership for Africa's Development (NEPAD)

- 3.1 As the agencies charged with the responsibility for the implementation of government policies, the need to structurally involve experts and Ministers of public service in the implementation of the charter cannot be over-emphasised. Effective application of the provisions of the charter must of course flow from the national level and interface with objectives adopted at the sub-regional level and thereafter with Regional objectives. Permanent framework for coordination required within the Regional Public Service and under the umbrella of ECOWAS is being envisaged.

4.0 REQUIREMENTS

- 4.1 The Executive Secretariat envisages the funding of the participation of the experts from outside Nigeria as a way of ensuring an impressive turn out at the workshop. In addition three Resources Persons will be required to deliver papers and also participate in the programme.

4.2 FINANCIAL RESOURCES

Report of the Auditors on the Financial Statements of the Executive Secretariat of the ECOWAS as at 31st December, 1999

In accordance with Articles 37 and 38 of the Decision C/DEC./4/11/89 pertaining to the Financial Regulations and Manual of Accounting Procedures of the ECOWAS Institutions, We have audited the financial statements of ECOWAS Executive Secretariat as at 31 December 2000. These financial statements are the responsibility of the management of the ECOWAS Executive Secretariat. Our responsibility is to express independent opinion on these financial statements based on our audit.

We conducted our audit in accordance with International Standards on Auditing, those of the International Federation of Accountants (IFAC). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the ECOWAS Executive Secretariat as at December 31, 2000 and of the result of its operations and statement of cash flow the year then ended

AUDITOR'S SUPPLEMENTARY NOTES**NOTE 1: COMMUNITY LEVY**

The Protocol A/P1/7/96 on the application modalities of the Community Levy is, pursuant to Article 89 of the Revised Treaty, effective since December 1999. The entry into force of the Protocol has been notified to all Member States immediately in January 2000.

From that date on, all Member States must apply the 0.5 % Levy from the CIF value of goods originating from third-countries and deposit the levy into the bank account opened by the Executive Secretariat in each member-country Central Bank.

Despite the entry into effect of the Protocol since December 2000, only the bank statements for seven (7) Member States out of fifteen (15) were available at the Secretariat.

The situation of the available amounts is as follows 31/12/2000

Countries	Amounts (in U.A.)
Burkina Faso	387
Gambia	46050
Ghana	3 444 197
Niger	139 998
Nigeria	584 096
Senegal	1 019 058
Togo	320 136
TOTAL.....	553922

Since the Community levies are destined to finance the Community budgets, we have proposed the recording of the corresponding amounts of the levies in the Secretariat financial statement as at 31 December 2000. Besides, the protocol provides in article 19.2 and 20 the limitation of the accumulated withdrawals that can be done annually by the Executive Secretariat from the proceeds of the levies deposited into the Central Bank account. The Minister charged with ECOWAS matters in each member-country communicates on the 1st January of each year limited withdrawals made from the Central Bank account.

Given the fact that certain Member-States, though significantly in-arrears in respect of their contributions, possess important amounts of money in their Central Bank account, we have recommended to the Executive Secretariat to carry out negotiations, at the beginning of each year, with the Ministers of concerned Member-States, in order to fix a limited maximum amount permitting the payment of current as well as outstanding contributions.

NOTE 2: BORROWING FOR THE CONSTRUCTION OF STAFF RESIDENCES

The Government of the Federal Republic of Nigeria has granted an interest-free loan to the ECOWAS EXECUTIVE SECRETARIAT in an amount of \$ EU 6 650 000 for the construction of staff residences. AS at 31 December 2000, an amount of \$ EU 6 585 560 has been committed out of the construction cost.

We have recommended to the Secretariat to indicate on its financial statement as at 31 December 2000 the construction cost already committed as well as the borrowing amount.

The loan agreement signed on September 1st, 1997 with the Government of Nigeria stipulated that the loan is reimbursable in instalment of 20% deductible from annual contribution of Nigeria.

We have noted that any repayment has not been made in respect of that loan as of 31 December 2000.

STATEMENT AS AT 31/12/2000**

PERTAINING TO THE GRANTS

In execution of the audit assignment entrusted to us by the ECOWAS, we have audited the financial statement as at 31 December, 2000 pertaining to the grants received by ECOWAS.

We conducted our audit in accordance with the International Standards on Auditing. Our audit work included the conduct of all steps and tests deemed necessary in such circumstances, as regards:

- The observance of the utilization conditions of the grants;
- The assurance that the expenditures are made in conformity with the provision of the grants agreements signed between the Executive Secretariat of ECOWAS and the Financing Institutions.

The review of the accounts was essentially to determine whether the costs incurred are eligible, allowable and allocable under the agreements terms signed with the Financing Institutions.

According to the results of our audit, it is our opinion that the financial resources received from the donor agencies have been managed in accordance with the clauses of the agreements signed between these agencies and the ECOWAS EXECUTIVE SECRETARIAT
