- the need to promote and strengthen sub-regional cooperation for greater mobilisation of national resources in order to reduce the dependence of the sub-region on the outside world.

The Management of the Fund was requested to present a detailed memorandum on the matter to the next Session of Council.

After taking note of the document, Council decided that before each Council session preceding the Heads of State's Summit, the Executive Secretariat should take stock of the implementation of Acts and Decisions, take note of the difficulties encountered and report to Council. - Council directed the Fund Management to request the architect whose project was selected to reduce the size of the proposed building. Since such a reduction should take into account the urban planning and architectural constraints to the zone, Council stressed that the laws of the host country relating to this matter should be respected.

FOR THE COUNCIL OF MINISTERS

CHAIRMAN

OPENING ADDRESS OF THE MEETING OF THE ECOWAS
COUNCIL OF MINISTERS BY THE MINISTER OF
NATIONAL PLANNING - CHIEF M. S. ADIGUN

HONOURABLE MINISTERS,
MR. EXECUTIVE SECRETARY,
DISTINGUISHED DELEGATES,
LADIES & GENTLEMEN,

I have the honour to welcome you to this important meeting on behalf of the people and Government of Nigeria.

2. I consider this meeting very important because we are now in the process of implementing the projects already mapped out with a view to attaining the objectives of integration in the sub-region. In this connection, we have articulated the modalities for the implementation of a number of programmes. Let me seize this occasion to congratulate our experts who served on the various technical and specialised commissions that drew the programmes.

3. For our consideration at this august meeting, the experts have presented in broad outlines for implementation, the following:

- (i) the ECOWAS Motor Vehicle Insurance Brown Card Scheme;
- (ii) the possibility of having a Monetary zone within the sub-region, including the ECOBANK Project;
- (iii) the policy frame-work for economic recovery in our sub-region;
- (iv) the programme of Trade Liberalisation, including the issue of Community Enterprises;
- (v) the report of the Ad Hoc Ministerial Committee on the construction of the ECOWAS Headquarters and ECOWAS Fund Secretariat;
- (vi) the report of the Ad Hoc Ministerial Committee on Derogation;

- (vii) the Telecommunications programme;
- (viii) the Transport Programme, etc. etc.

My appeal to you, dear colleagues, is that we should discuss these issues objectively so that we can come out with concrete conclusions and recommendations.

4. However, I would like to draw your attention to the fact that a lot still has to be done in the areas of trade promotion measures within the sub-region, common external tariff, common energy programme, monetary co-operation programme, and development of joint industrial enterprises.

5. This era, you will agree with me, fellow Ministers, is that of economic cooperation among sovereign states to attain rapid development. Our region should not be left out. For it is absolutely impossible for us to stand alone and fight our general backwardness individually when even bigger and stronger economies in Europe, Asia and America are coming together to form economic blocks. Therefore, my dear colleagues, our salvation lies in our own hands and no obstacles should be allowed to distract our laudable objectives for economic cooperation. We should be concerned with no other considerations except the integration of the sub-region into one powerful economic entity, united in all ramifications. Our past history notwithstanding, ECOWAS should be embraced and its growth nurtured by all of us to reality. Therefore we should use it as our forum for greater bargaining power within the international community. As such when we appeal for help, we should ask in one voice and when we dissent we should do so in unison.

6. In this regard, Ladies and Gentlemen, every Member of the Community should be his brother's keeper. The interests of each member nation should be protected by the others in the Community.

Therefore, I want to re-assure you that, as far as Nigeria is concerned, our Government and our people are committed to sustaining the interests of all Member States of ECOWAS. For, we believe, it is through complete solidarity and support for one another in the Community that we will be able to stand our ground and enhance our competitive capability in the present intensely competitive world.

7. Also, I need not reiterate that Nigeria is convinced that, given the political will of our leaders and peoples, the economic integration of the entire sub-region, which is so vital for our survival, is indeed an attainable goal. We should, therefore, not allow any petty interest to divide our ranks.

8. Feel at home Dear Colleagues, Our people and our Government will do all that is possible within our resources to make your stay here a happy one and your deliberations successful. Our faith in ECOWAS remains unshakable.

9. LONG LIVE ECOWAS

CHIEF M. S. ADIGUN
MINISTER OF NATIONAL PLANNING, LAGOS.
